

19 July 1956

**MEMORANDUM FOR: Assistant Director for Scientific Intelligence**

**SUBJECT: Superior Accomplishment of OSI in Fulfillment of NIS Production Requirements**

1. I am pleased to inform you of the superior accomplishment of one of your staffs in the fulfillment of its production responsibilities under the NIS Program for FY 1956.

2. The Intelligence Production Staff is responsible under the Scientific Estimates Committee for the coordination of Chapter VII and the production of NIS Sections 70 (Scientific), 73 (Atomic Energy), 76 (Miscellaneous Scientific), and 45 (Health and Sanitation). Under the Production Schedule for FY 1956 this staff was called upon to produce 18 NIS sections, and actually produced 17 such sections for an accomplishment of 94%. This performance is especially noteworthy since the production of Section 45 is a new allocation of responsibility for OSI. I consider that [REDACTED]

for Section 45, deserve great credit in achieving these splendid results.

3. Please convey my congratulations to the Intelligence Production Staff on this superior accomplishment.
